MARINE CORPS AIR STATION
EL TORO (SANTA ANA), CALIFORNIA 92709-5001

IN REPLY REFER TO

5200
1EA/1107C
22 JUL 1987

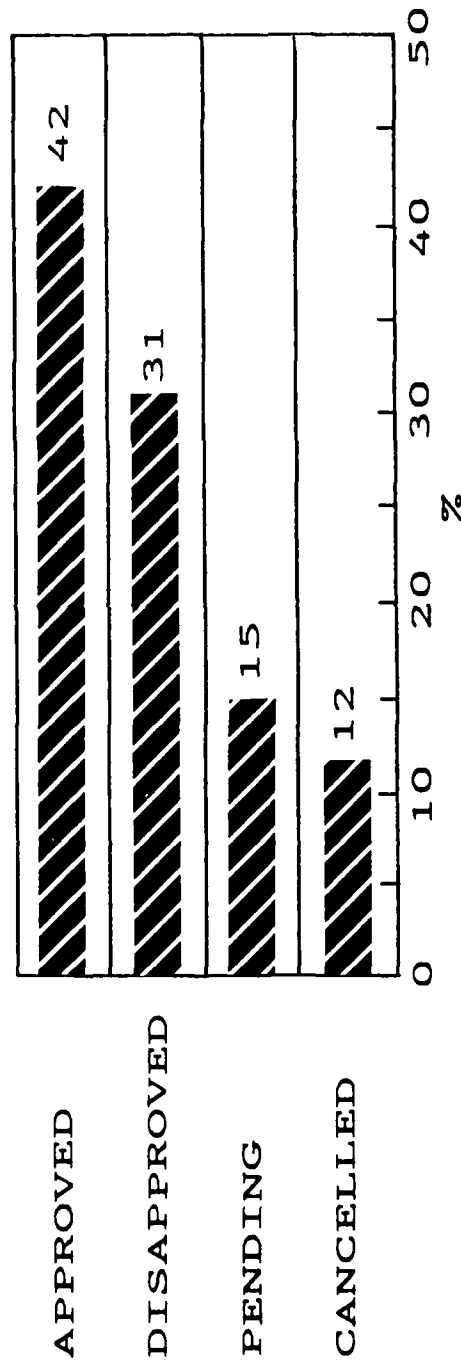

From: Commanding General, Marine Corps Air Station El Toro
Subj: MODEL INSTALLATION PROGRAM SUGGESTIONS (MIPS) STATUS
Encl: (1) MIPS Status Report

1. Transmitted in the enclosure is the semiannual Model Installation Program Suggestion Status Report for Marine Corps Air Station (MCAS) El Toro as of 30 June 1987.
2. Marine Corps Air Station El Toro profits from the Model Installation Program. The fast response from Headquarters Marine Corps contributes to our success. However, it is the people who live and work at MCAS El Toro who are the most deserving of the credit. They are concerned and have put their innovative ideas to work. Thanks also goes to the other MIP installations who have shared their ideas and responded to our requests for further information. We will gladly reciprocate and share our MIPS (especially our local level MIPS which are not routinely transmitted to other installations).
3. We are proud to be a part of the Model Installation Program and will continue to support it with creativity and enthusiasm.

D. E. P. Miller
